

How I made \$78 in 12 mins.

Let's cut to the chase and get started.

I made \$78 with 12 mins of work. And you can too. And I'm going to show you exactly how. The report is only 2 pages long – read the entire report before jumping to any conclusions. So here's how you can make \$78+ in no amount of time:

1. Register with matched.co.uk

You can do that by clicking my affiliate link here:

<http://www.matched.co.uk/affiliate/6856663>

Or clicking a non-affiliate link here: <http://matched.co.uk>

I'm not charging anything for this report, so it'd be kind of a cool way to thank me if you sign up thru my affiliate link. You have nothing to lose and I've all to gain. I'm not some shameless plug who'd try to hide or cloak the affiliate link in anyway, so the choice is completely yours.

Thanks.

More about matched:

This is an advertizing network just like adsense.

Sign up as a **publisher** and you've made \$10.

Just like that.

Believe it or not, you get paid \$10 just for signing up.

Furthermore you get paid \$6 per month for every page that you display their ads on. You can do this in addition to adsense as additional income.

2. Now submit a couple of pages in your sites with decent traffic/PR to matched. They will match the content of your page with the requirements of their advertisers and accept your page into the matched category.
3. You can submit up to 25 pages – that's 6x25 = **\$150 per month** without doing any work at all!
4. You also get \$10 for every referral that you introduce to their program. Get hold of a couple of friends on IM and ask them to sign up and submit a site to matched. And voila!
5. Here is how I made \$78:
 - \$10 for signup
 - 8 pages approved quickly x \$6 = \$48 (I'm too lazy to submit more, but I will do so at my own convenience)
 - 2 friends registered via yahoo messenger = \$20
 - That's \$78 right there and it took me a little more than 10 mins. I'm sure you can make a lot more if you can convince more friends to join and submit more pages.
6. That's it then. Go out there and make some money!

PS: matched.co.uk is not a scam. They pay on there 15th of every month and I'm sure you'll find a lot of people who've already been paid.

PPS: Now that you know how it's done, the money isn't going to deposit itself in your PayPal account automatically (although how cool would it be if it could :p)

You must go out there and take action. Have faith in yourself and in your abilities to persuade IM buddies to sign up :D

Seriously, it will take no more than 10-15 mins for you too to make an easy %70 or so like me. So why not do it right now.

That was it.

Thanks and take a
